EDITORIAL.

It is some time since an Editorial was presented to our readers, and although we have much war news to take its place yet we feel it incumbent upon us to prevent so excellent an institution falling into desuetude.

Many Old Westminsterers will no doubt be interested in the changes in Westminster life which have been brought about by the war, and it is mainly for their edification that these few lines are written. Besides the Roll of Honour, of which we are so sorrowfully proud, now bearing as it does 128 names and 28 of these Grantites, the exigencies of war had caused widespread changes in the immediate life of Westminster. The Play, the Concert, and all such festive ceremonies, including our own Play Supper, are in abeyance, let us hope only temporarily. With a few exceptions the School is now in khaki. This is indeed a great

change from the peace-time tails and top-hat. An Old Westminster returning to "Suts" will find that a war-bun and a few dry biscuits are all that he can obtain and only that at the outlay of a stupendous sum of money. Periodical raids necessitate the "blowing of whistles" and the herding of the School into the Norman Undercroft and other subterranean regions. Cups are no longer given at the Sports, but they are now replaced by pink cards of somewhat odious tint, and the money thereby saved is handed over to the Public School Hospital Fund. Grant's, as do all the other houses, supports a prisoner in Germany for the small sum of £18 a year. We are happy to have the privilege to help in these small ways.

From this short article it can be seen that those who have been at the school during the war have lost many of Westminster's famous and distinctive features, and have passed their school life in times of great anxiety and depression.

In conclusion we exhort all those who will be at school when peace and happier times return to hold it as their bounden duty to revive those things we have loved and lost awhile.

### THE WAR.

Since the last number of the GRANTITE we have to record the following distinctions which have been awarded to old Grantites: Lieut.-Colonel H. M. Davson has been awarded the D.S.O., and Capt. F. G. Worlock and Second Lieut. M. F. Shore the Military Cross, the latter for a very gallant and smart piece of work while in command of a Tank in Egypt. He successfully took two Turkish redoubts, and, although under a very hot fire and with all his men wounded, succeeded in steering the Tank back to safety. He was himself wounded in the leg, arm, hand, and head by splinters of bullets, and heard afterwards that at times his Tank was completely hidden by bursting Turkish shells. Captain H. Pemberton has been awarded the much-coveted Croix de Guerre of the Legion of Honour. Major-General N. M. Smyth, V.C., Lt.-Col. H. M. Davson, Captain F. G. Hobson, D.S.O. (for the fourth time), and other Grantites have also recently been mentioned in Despatches. There are about 250 Grantites serving in H.M.'s Forces and 28 have given their lives for their country. Grantites of a recent generation will hear with regret that Second Lieut. R. L. F. Forster is among those missing, and it is feared that he has been killed in action.

## PRO PATRIA.

We have with great regret to record the death in action of two more Old Grantites : Second Lieut. Wilfred James Nowell, R.F.A., and Captain James Montague Edward Shepherd, R.F.C.

Mr. Nowell was up Grant's from 1910 to 1913, and was the son of Mr. A. T. Nowell, the well-known artist. He was killed in action on April 9th while in the act of aiding one of his wounded gunners. Almost his last words were : " It is a great thing to keep the battery firing," and his Colonel wrote how greatly they regretted the death of so keen and splendid an officer.

Captain Shepherd came up Grant's from Home Boarders in 1910 and left in 1914. He joined the Rifle Brigade but later transferred to the Royal Flying Corps. He was killed while flying on February 2nd last, but for some time it was hoped that he was a prisoner. His companion reported as follows : " While patrolling the line with Capt. Shepherd at about 13,000 feet, three hostile machines approached us from the direction of the sun. We at once attacked and circled round them, the Albatross scout keeping well above us. One of the Aviatik machines got on to Capt. Shepherd's tail and fired, when Capt. Shepherd's machine appeared to dive vertically and was still vertical when last seen at about 4,000 feet. At this time I was firing at his pursuer, who eventually spun several thousand feet and nose-dived. I was unable to watch either of these machines strike the earth as I was engaged with the other two, who after several attacks flew east. I did not pursue them."

## O.T.C.

Since the last GRANTITE many promotions have been made: V. Croome, G. L. S. Kohnstamm, and H. J. Salwey to be Corporals, Calvert, Garrard, and Vanneck to be Lance-Corporals. As last year, Camp will be held at Tidworth Pennings, and it will last from July 31st—August 8th. There is also to be a Harvest Camp at Netton in Devonshire, lasting six weeks. The work will be done by two parties of about 45 each in two shifts of three weeks. The first from August 11th—September 1st, and the second from September 1st—22nd.

The Annual Inspection was conducted by Major R. E. K. Leatham, Grenadier Guards, on Monday, July 9th. The Company was complimented on its good work.

## ATHLETIC SPORTS.

The heats and semi-finals of the Sports were finished last term, but owing to deep snow on the Saturday on which the Finals were to be run off, they had to be abandoned until this term. Grant's won the cup by the narrow margin of two points, but until the last event (the mile), it was quite uncertain who would win. The winning of the cup was all the more creditable, in that Mackintosh was out of school shortly before the Sports, and therefore unable to run on the day.

SENIORS.

GRANT'S v. HOME BOARDERS.

The match began on Tuesday, June 26th, and was won by us by 8 wickets. H.B.B. won the toss and selected to bat, and Jackson and Wade opened the innings to the bowling of Croome and Calvert. Only 12, however, had been scored when

Wade was caught off Calvert. Only 2 more runs had been scored when an appeal against Jackson for caught at the wicket was made, but it was not granted, and 30 was on the board before he was bowled by Calvert. The H.B.B. batting throughout was exceedingly uninteresting, except for the innings of Stones, who was also rather slower than usual. Cazeaux took one hour and ten minutes to score 11. H.B.B., however, scored 180, and were all out at 5.15.

Grant's made a good start, and 29 had been obtained before Buckley was out. Grant's then fared disastrously, Andrews and Salwey both being out for the addition of only two runs, and Grant's hopes seemed at a very low ebb, and at the end of the day's play we had lost 3 for 32. On the next day, however, 87 had been scored before Kohnstamm was run out, whereupon Calvert and Croome added 20. Then came the stand of the match, which realised 115, between Croome, who had been batting beautifully, and Spencer. The last 4 wickets only added 16, and we ended with a very valuable lead of 28. This had mainly been obtained through the excellent innings of Croome, who carried his bat through. His innings contained 1 five and 14 fours.

In their second innings two alone of our opponents reached double figures, namely Wade (39) and Stones (31), and their total reached 97, leaving us 70 to make to win.

Croome and Buckley again made a good start, but the latter was caught at square leg at 23. The former and Andrews then played very well, and 49 was obtained before Croome was run out. Shortly after this our opponents' total was passed, Andrews playing a good innings, scoring 8 fours and 5 singles.

## SENIORS (FINAL).

The Final was played on Thursday and Friday, July 19th and 20th, and resulted in an easy win for Grant's by an innings and 51, securing for us the Shield. Throughout the match it was pretty obvious that we should win, though our opponents made more than they ought to have done in the first innings. A.H.H. won the toss, and went in on a slow wicket, and had only scored 13 when the first wicket fell, and 6 runs later the second fell. Randolph and Hobson then carried the score to 47 before being separated, and the rest of the innings was characterised by the innings of Graham, who made 53 not out in somewhat uninteresting fashion. Grant's from the very first looked like making a good score, being given a good start by Croome and

Buckley. At 30 Buckley was bowled by Rudge, and Andrews then joined Croome. Runs now came freely, and the score was raised to 90 before Croome was caught off a miss-hit. He played an exceedingly good innings. Mainly owing to Andrews the next partnership yielded well, and our opponents' total was passed before he was out. His 87 was an exceedingly fine innings, and was made very quickly by free hitting. Salwey, though he started somewhat shakily, played well, and scored 44. Of the rest Spencer and Main made runs, and a total of 242 was obtained. Mainly owing to good bowling and smart fielding and catching, the second innings of A.H.H. yielded only 60. From start to finish the wickets fell consistently, Graham alone playing the bowling. The innings was brought to a speedy conclusion in the last over by Andrews, who, bowling at a great pace, secured the last three wickets in four balls. Throughout the game Andrews changed the bowling in an exceedingly prudent way.

## SENIOR CRITICISMS.

**N. P. Andrews**, who was the mainstay of the batting, proved himself also very successful as a bowler, especially in the final against A.HH. He has made an excellent and energetic captain, and will be greatly missed from the School.

**H. P. Salwey** has played throughout the season, regaining his "Pinks" after the match *v. Essex*. He played a good innings against A.HH. Next year he will vice-captain the School. He is very quick in the field.

**V. Croome**, the School wicket-keeper, has proved most valuable in Seniors this year, scoring 107 *v. Home Boarders*. He is an exceedingly stylish batsman, with shots all round the wicket, and also especially good at cutting. He bowled well in Seniors.

**G. L. S. Kohnstamm** kept wicket for the House most successfully, as Croome was needed to bowl. He did not come off in batting as last year, but he has cultivated more style.

**E. W. St. G. Spencer** played very well in the first innings *v. Home Boarders*, making a very valuable 43. His fielding was very good, and he also kept wicket fairly well.

**E. G. Buckley** has failed to get going this season with the bat, but he will doubtless make a very good cricketer in years to come. His fielding is good.

**L. E. Calvert** was discovered as a bowler just before Seniors. He has a nice easy action with a break both ways. When batting he hits the ball very hard.

**T. H. N. Ballantyne** is a fair bat and quite a useful lob bowler. He is an excellent fielder.

**A. P. Main** is quite a fair bowler. In batting he has no style, but he played a very good innings in the second innings of Juniors, and also against A.H.H. in Seniors.

**N. A. Garrard** has no style, but is a good hitter. A fair field.

**W. B. Frampton**, who is quite young, is a bowler of some promise, and with coaching should turn out very well. He will be useful to the House in years to come.

The following Colours are now "up Grant's":—

<i>Pinks.</i>	<i>Thirds.</i>	<i>House Colours.</i>
N. P. Andrews.	G. L. Kohnstamm.	E. W. St. G. Spencer.
H. J. Salwey.		E. G. Buckley.
V. Croome.		L. E. Calvert.
		T. H. N. Ballantyne.
		A. P. Main.
		N. A. Garrard.
		N. P. A.

### JUNIORS.

This year our Juniors failed hopelessly, being beaten by H.B.B. by an innings and 5 runs. With two or three exceptions there is very little cricket amongst them. In the first innings an extraordinary collapse took place, the whole side being out for 27 in about an hour and a quarter. H.B.B. followed with 114.

We were more successful in our second innings scoring 82, Buckley (17), Stevens (19), and Main (21).

Frampton 5 for 40, and Buckley 3 for 6, bowled well.

## WATER.

As so few Grantites had taken up Water, there was some doubt about entering a four to compete for the Town Boy Rudder this year, but eventually it was decided to do so, four being recruited as far as necessary from the non-rowing members of the House. Accordingly after several trials a four was decided upon, which at once began a course of intensive training for the week before the first round. The crew selected was as follows: P. C. A. Usher (bow), P. R. Rea (two), S. Vatcher (Capt., three), P. J. S. Bevan (stroke), and S. F. P. Jacomb-Hood (cox).

Though at first it was naturally difficult to get so raw a crew together, yet we profited so from our training and the coach's instruction that at the end of the week we were rowing the course at a speed which surprised us, keeping together and making the boat move well, though our style showed considerable room for improvement. In the first Round we drew Rigaud's, a much heavier crew, in which the Head of Water and a member of the Second Four were rowing.

GRANT'S *v.* RIGAUD'S.

The race was in tubs from Fulham Football Ground to the 'Varsity stone near Putney Bridge, the time being 3.30 p.m. Rigaud's won the toss for stations, choosing the Surrey side. Grant's made a good start, and, Bevan setting a steady quick stroke, we kept level with Rigaud's round the bend as far as the Thames Club, where we began to lead, and, Rigaud's going to pieces near the Pier, we won by one and a half lengths.

Our victory was as unexpected as it was decisive, and hence it evoked great enthusiasm, the crew being given well-earned House Colours. The success was largely due to the steering of our cox, who made the most of the tide.

The time was reported in the papers as 3 min. 40 sec.

GRANT'S *v.* ASHBURNHAM.

In the Finals we had to row Ashburnham, Home Boarders having scratched. We lost the toss both for boats and station. Ashburnham chose the more popular boat, and the Middlesex shore, which was the better that day, being not only slightly shorter but, after rounding the corner, shielded from the very strong cross-wind which was blowing. But, allowance being made for all these things, it must be admitted that Ashburnham were the heavier and better-trained crew, composed as it was of two men of the First and two of the Second School Four, and

we could scarcely hope to win. The race was rowed at 3.30 p.m. on July 7th from Putney Bridge to Fulham Football Ground.

In spite of a good start, Ashburnham pulled steadily away from us. Near the finish we succeeded in gaining about a length, but were unable to prevent Ashburnham winning by four lengths.

It need not be thought, because a scratch crew like ours succeeded in defeating so good a four as Rigaud's after a week's training, that the House may rest and think no more of Rowing until just before next year's race, and then score a similar success. For one thing, next year we may have to row in clinker boats, in which a scratch crew would stand no chance. Moreover, it would have little chance of beating Ashburnham, which will have a strong four again next year. Very many more of those numerous athletic members of the House, who have no special aptitude for Cricket, should take up Rowing, and devote themselves to it as wholeheartedly as do the Cricket and Football people to their games if we are to obtain or deserve that first place on the water which is our natural position.

#### DEATHS.

We regret to have to record the death of an Old Grantite, William Francis Bond Jemmett, who was up Grant's from 1864 to 1866. He died on May 30th.

WOODEN RACQUETS.

It is pleasing to note that in this year's tournament for the "Smythe Wooden Racquets Cup" the competitors were more numerous and the enthusiasm considerably greater than in that of last year. The draw was also satisfactory, in that the better players did not meet until the 3rd or 4th rounds.

\* Scratched.

From the scores it will be noticed that in the 1st round the following matches were well contested: Vatcher v. Morris, Ballantyne v. Cahn and Andrews v. Calvert, the first of these particularly so.

The four boarder monitors were the only survivors in the semi-final, and it was therefore only natural that the ensuing matches should be the most evenly matched.

In the match between Usher and Kohnstamm, Kohnstamm won the first game but was beaten in those following by the exceedingly steady play of Usher. Salwey put up a good fight against Andrews, but was finally beaten by the latter's hard hitting. Andrews won easily, his hard hitting just above the line being very effective.

*To the Editor of THE GRANTITE REVIEW.*

DEAR SIR,

Now that arrangements are fully completed for providing a permanent Memorial in memory of those Old Westminster who have given their lives for their country, I do not think it is out of place to suggest that a suitable Memorial should be placed "up Grant's," in memory of those Grantites who have fallen. I would suggest that a Tablet be placed either at the Head of Hall under the List of "Heads of Grant's," or where the Grantite Record Shield is hung, over the fireplace. Although most Old Grantites will have already subscribed to the School Memorial, as the cost of the Grantite Memorial should not be great, the money would, I feel sure, be easily forthcoming.

Yours faithfully,

"PASSER BY."
